

LITES & LOUVERS, OPTIONAL INSECT SCREEN INSTALLATION

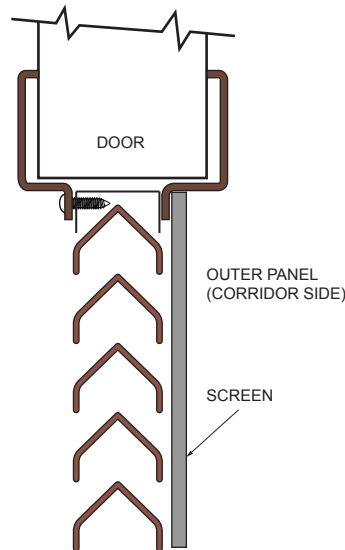

APPLICABLE FOR YLV, VLV and FLLV SERIES

YLV SERIES

UNFRAMED SCREEN
INSTALLED WITH
RIVETS OR SCREWS

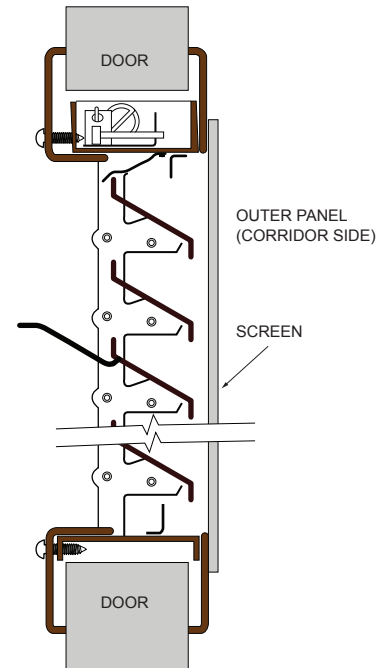

18 x 14 mesh insect screen installed with rivets or screws. Screen is secured to the inner side of the louver panel towards the corridor.

VLV SERIES

FRAMED SCREEN

18 x 14 mesh insect screen installed with double sided tape to corridor side of the louver.

FLLV SERIES

FRAMED SCREEN

18 x 14 mesh insect screen installed in roll-formed aluminum frame. Frame is secured with screws or tape to the corridor side of the louver, so that the adjusting lever is not interfered.
