FIRE EXTINGUISHER CABINETS

Available in Locking or Non-Locking

CFE0450-BM-L or CFE0450-BM-NL

14 ¼" Wide x 28 ½" High x 12 ¼" Deep

CFE0900-BM-L or CFE0900-BM-NL

16 ¾" Wide x 37" High x 12 ¼" Deep

- UV Stable
- Will not rust
- Sight glass for gauge inspection
- Break glass for lockable cabinets
- Optional Weather-shield Gasket
- Fitted with a step to assist with the removal of the extinguisher

The optional weather-shield gasket makes the cabinet weather resistant which originates by the pressure of the door closing and compressing the bead on the rubber strip.

The step enables the extinguisher to sit on top of an internal base which makes it higher than the lower lip on the body of the cabinet.

All colors are for illustrative purposes only. Actual colors may differ.
